

QUALITY POLICY

OUR COMMITMENT

Barry Bros. Specialised Services is committed to the achievement of high quality standards in all of its operations.

Quality forms the part of every operation in our organisation and the responsibility rests with all our people.

OUR PROCESS

The policy begins from the initial marketing contact, where we establish the customer requirements through on-site job assessment, followed by quotation and proposal submission. Quality then covers processing the order or agreement, supervision, project operation and finally invoicing the customer.

All sections of the Company are responsible for continually improving the 'Quality Process'. Quality is defined as conformance to customer requirements.

OUR STANDARDS

Our Quality Assurance Programme has achieved the requirements of the International Standard ISO 9002, which assures our customers that our process meets a recognised standard of quality.

Our management is committed to ensuring compliance with the Standard is achieved in all operations.
